About Me

I am a Engineering student.I pursuing my BTech IT degree in Mohamed Sathak AJ College of Engineering.I want to become an App developer.

Work Experience

● Aug 2023 - Aug 2023

Lenovo

Tester

I was responsible for conducting software and hardware testing on Lenovo products to ensure quality and functionality during my internship at the company. I collaborated with cross-functional teams to identify and resolve any issues or bugs found in the testing process.

Education

● 2022 - 2026

BTech Information Technology (Information Technology)

MOHAMED SATHAK AJ COLLEGE OF ENGINEERING

I actively participated in numerous intra-college competitions and symposiums, showcasing my skills and knowledge in various fields. These experiences allowed me to enhance my communication, teamwork, and problem-solving abilities, while also expanding my network within the academic community.

Skills

C language | C++ language | Python | HTML | CSS | Java

Achievements

● **Code debugging, Feb 2024**

I am proud to have achieved 2nd place in the code debugging competition, showcasing my skills and dedication to problem-solving.

This achievement not only boosts my confidence but also motivates me to continue honing my coding abilities for future challenges.
